

ALL YOU NEED TO SLEEP

Guide to Book Online using a unique booking code

Dear customer & guest,

You have chosen to make a group booking where your guests can book directly on our website www.cabinn.com

To book your room as part of the group with your very special rate, all you need is to use your unique booking code.

Your unique booking code has been sent to you along with the confirmation, so please forward it to your guests.

It is easy to book online. Just choose the specific hotel and enter your arrival and departure date. Now enter the number of guests and rooms. Then enter your booking code where it says, "Booking code".

The screenshot shows the CABINN.com website header with navigation links: HOTELS, APARTMENTS, OFFERS, CONFERENCES, and user links: SIGN UP, LOG IN. Below the header is a booking form with the following fields:

Where do you wish to stay?	Arrival	Departure	Rooms and guests	Booking code	
Hotel or destination	02.12.2020	03.12.2020	1 Room 1 Adult 0 Children	Insert code	SEARCH ROOMS

An arrow points from the text above to the 'Booking code' field in the form.

When you click "search rooms", you can see your rates as well as available rooms.

Choose room type and packages (breakfast, parking etc.). Then fill out the guest information and choose payment method. Finally, you must accept our terms of condition and then click "Reserve".

If you have any questions, please do not hesitate to ask. Please send an e-mail to booking@cabinn.com or call us at +45 33 38 56 10.
